Childs First Pony

Olive

Aged Black Shetland X Mare unreg, ideal first pony been there done that. Taught many kids how to ride been to pony club on and off many times. Had several coloured foals some years back. Suit child's first pony, either lead pony or pony club mount. Definitely NO bite or kick prefers children to adults.

Will stand all day with kids crawling all over her. Currently being used as colt paddock buddy will keep young horses in line without hurting them. Has NEVER had founder in great health, vet checked after fires. Barefoot, teeth done August, up to date with worming and feet trimmed every 5 weeks. Only has two vices 1. she doesn't like the bit being put in her mouth, so would need an adult to do this 2. doesn't like most men. Only for sale as child has lost interest.
